

# Don't Let Your Disaster Relief Funding *Get Blown Away!*

**TIME IS OF THE ESSENCE...**

**LET OUR TEAM LEAD YOU FROM DEBRIS REMOVAL TO RECOVERY**

**Procurement of Emergency State & Federal Funds**

**Public Assistance & FEMA Application Process, Project Eligibility, and Support**

**Debris Management Planning/Debris Monitoring**

**Client-driven, integrated service to meet your needs**

**A full suite of Disaster Recovery Services to lead you through the entire recovery effort**

The nature of a natural disaster requires communities to act first and think second — but often times this results in the inability to receive reimbursement just when communities need it the most. **Birdsall Services Group, Inc. (BSG) and The Louis Berger Group, Inc. (LBG)** are teaming up in the wake of Hurricane Sandy

to combine their expertise and experience in major disaster recovery to come to the aid of the battered Jersey Shore. The BSG-LBG team is the perfect advocate to help streamline your disaster recovery program and to navigate the complex process of securing Public Assistance to maximize state and federal reimbursement for all your recovery efforts.

***BSG... Trusted advisor serving clients with a full suite of disaster recovery services***

BSG is a leading consulting and engineering firm in the tri-state area with over 360 experienced and knowledgeable professionals in a wide variety of areas and expertise, including Disaster Recovery Services. BSG is a trusted advisor to many municipalities, working closely with OEM coordinators and county and municipal officials in both the preparation for and the recovery from natural disasters, such as 1999's Hurricane Floyd. BSG's full suite of services and large public client base equips them with intimate knowledge of the infrastructure, facilities, and operations of the many Jersey Shore communities that have been badly battered by Hurricane Sandy. With expertise in the FEMA application process, BSG is equipped to provide clients with support throughout the entire recovery process with a significant portion of the fees for these services recoverable through Public Assistance.

**THE Louis Berger Group, INC.**

***LBG... Devoted to developing innovative solutions to the world's most challenging problems***

LBG is an internationally-recognized consulting firm devoted to serving their diverse client base with the efforts of 6,000 employees in more than 90 countries worldwide, and with the technical resources and rapid response capabilities of a leading global organization. LBG has helped numerous clients around the world receive the maximum reimbursement and rebuild after major disasters, including New Orleans after Hurricane Katrina, Virginia's Department of Emergency Management following Hurricane Irene, and the U.S. Military during the relief effort following the major earthquake in Haiti. LBG's qualified and attentive emergency management team has a range of local, state, and federal emergency management experience.

***The perfect advocates to lead you through recovery***

The process of recovery can take months, even years, and the lives and livelihoods of the entire area will be affected. With so much at stake, you need a team that is not only expert in debris management and operations, but also in the process of quickly securing the Public Assistance and FEMA funds to pay for it.
